

**Q&A #2 – RFP – W6369-23-X049 – Two (2) Environmental Compliance and Management System Auditors**

**RFP Closes:** 9 January 2024 at 2:00 pm

<b>Number</b>	<b>Questions/Answers/Amendments</b>
Question 1:	Within the framework of the mandate, what is the relevance of having two (2) MT2 certified auditors?
Answer 1:	The level of risk requires an audit team that is capable of making recommendations on the integration of EMS into corporate business management and DND workforce management as well as being experts in compliance. The auditors will not always be in the same place at the same time. Both certifications remain mandatory for both auditors.
Question 2:	For MT4, would DND accept ISO 14001 EMS audits that are not registration audits?
Answer 2:	No.
Question 3:	For MT4, would DND accept Management System registration audits other than ISO 14001?
Answer 3:	No.
Question 4:	Is it Canada's requirement that each of the Auditors have both EP(CEA) and EP(EMSLA) designations from CECAB?
Answer 4:	Yes.
Question 5:	For MT4, does Canada require that each of the proposed resources have completed a minimum of five (5) ISO 14001 Environmental Management Systems registration audits.
Answer 5:	Yes.
