Description of Work: As one of the leading translation organizations in the world and the federal government centre of expertise in translation and linguistic services, the Translation Bureau is looking at getting the expertise of a data scientist, a solution architect and a cloud architect to implement and support its technological ecosystem.

- Bidders may submit a bid for one or all resource categories.
- The work is currently being performed by the following suppliers:
 - Data modeller : CGI Information Systems and Management Consultants Inc. (contract value of \$40,000)
 - Cloud architect : FSDC Solutions Inc. (contract value of \$40,000)
 - Solution architect : MGIS Inc. (contract value of \$40,000)

The Government of Canada is committed to economic reconciliation with Indigenous peoples and will contribute to improved socio-economic outcomes by increasing opportunities for First Nations, Inuit and Métis businesses through the federal procurement process. The government is implementing a mandatory requirement for federal departments and agencies to ensure a minimum of 5 % of the total value of contracts, including subcontracts, are held by Indigenous businesses. To this end, for this solicitation, additional evaluation points will be allocated to qualified Indigenous bidders.

Security Requirement: Equivalent of Common PS SRCL #06 applies
Minimum Corporate Security Required: Designated Organization Screening (DOS)
Minimum Resource Security Required: Enhanced Reliability
