

**BASIS OF PAYMENT**

**Financial Bid Submission Requirements**

- (a) Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.
- (b) The Offeror must submit its financial offer in accordance with this Basis of Payment.
- (c) The bid must be submitted in Canadian dollars, Applicable Taxes excluded, FOB destination, Canadian customs duties and excise taxes included.
- (d) Calculation of the total assessed bid price for the required services:
  - a. For assessment purposes, the assessed bid price will be the combined total of tables A to E presented in table F.
  - b. To be considered compliant, the bidder must enter an amount in each of the boxes in the breakdown tables (sections A to E) for each year.
  - c. Bidders are not required to provide firm prices for each section's "optional" equipment and transportation related to the optional item, but are strongly encouraged to do so if they are able to provide the listed equipment.
- (e) Calculation of the total assessed bid price for optional services:
  - a. Optional items will only be evaluated if all bidders have submitted a compliant price for the item.
  - b. In order for an item in the optional section to be considered as included in the bid and compliant, the bidder must enter a price in all the boxes related to the optional item, including the transportation costs of the item for which it wishes to submit a price, if applicable.
- (f) If there are optional services for which all bidders have submitted a compliant price, the total price of the combined assessed bid price will be calculated as follows:
  - a. For evaluation purposes, the assessed bid price will consist of the combined total of tables A to E and the combined totals of the rental charges for optional equipment(s) and equipment transportation costs for optional services where all bidders have submitted a compliant price,
  - b. To be considered compliant, the bidder must enter an amount in each of the boxes in the breakdown tables (sections A to E) for each year.

**A Standing Offer Period – YEAR 1 – April 1, 2024 to March 31, 2025**

**A1. EQUIPMENT REQUIRED – Firm unit prices**

In consideration of the Contractor completing all of its obligations under the Contract, the Contractor will be paid firm unit price(s) in Canadian funds for all costs, including but not limited to all professional, technical, and administrative fees and costs as required to fulfill the requirements of Annex A – Statement of Work as defined.

Refer to Appendix A, paragraph 3.1 for a list of specifications and inclusions for each piece of equipment. The unit rates submitted must include all service or other charges required in accordance with Appendix An and exclude transport costs.
