Questions and Responses

Q1: Can I get clarifications on Annex "E" - Part Numbers #25 (PG862), #26 (PG872) and #30 (PG312)? I believe that there is a 9 missing from each of these part numbers.

R1: The correct part numbers are:

Part #25 = PG9862

Part #26 = PGX872

Part #30 = PGx312 (PG8312, PG4312, PG9312).

Q2: Would you also be able to confirm Annex "E" – Part Numbers for XRN-820S and XRN-420S? They are 8-channel and 4-channel NVRs respectively. A 16 Channel NVR is a different part number than the two listed here.

R2: We can confirm that we only want the 4-channel and the 8-channel listed.

Q3: Also, what size Hard Disk Drive (HDD) is needed for each NVR? The description does not provide a HDD size, and the NVRs can be purchased without a HDD which will change the RFQ pricing (i.e. cost could vary by up to \$600.00, which could skew your assessment).

R3: The HDD size will be determined on a case-by-case basis, depending on the number of cameras that are being installed at the location. We are seeking a minimum of 30 days of data retention.
