THIS SOLICITATION AMENDMENT IS RAISED TO:

1. Provide clarification and answers to questions from potential supplier

QUESTIONS AND ANSWERS:

Question 24	Corporate mandatory criterion MC2 states that the Bidder must propose 3 distinct Power Platform Solution Architect resources who have passed the PL-600 exam and who worked for a minimum of twelve (12) months on any previous contracts held by the Bidder. Could the Crown please expand this requirement to accept resources who hold any other relevant Microsoft certifications in lieu of passing the exam? This will allow Bidders to showcase relevant experience.
Answer 24	TC reviewed your request and MC2 remains unchanged.
Question 25	Corporate mandatory criterion MC2 states that the Bidder must propose 3 distinct Power Platform Solution Architect resources who have passed the PL-600 exam and who worked for a minimum of twelve (12) months on any previous contracts held by the Bidder. Would the Crown please consider modifying this requirement and accept resources on past contracts that were three (3) months or longer in length instead? These resources perform highly specialized work on a short-term basis and it is atypical for them to be placed on long-term contracts.
Answer 25	TC reviewed your request and MC2 remains unchanged. <i>As stated in the wording of MC2, multiple contracts may be used to meet the necessary twelve months, provided all contracts in question meet the necessary criteria. Example: three contracts are submitted for a specific resource: one of seven months length, and two of three months each. As these total 13 months, this would be sufficient to meet the minimum 12 months length. All three contracts would also need to comply with all other stated criteria to meet MC2.</i>

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME
