A. QUESTIONS AND ANSWERS

Question 1

Is it possible to modify the number of containers, compactors (upward or downward), and to modify the number or days of collections (upward or downward) in order to be able to submit the most advantageous prices possible?

Answer 1

No, we request to receive submissions based on the data presented in the DDP documents. For this reason, Schedule 9 "Pricing Grid" must be used as is.

This concludes the Addendum #02. The RFP remains unchanged and in effect, except to the extent modified by this Addendum #02.
