2. Request for Proposal, Section “III” – Pre-Qualification Requirements, 2. Mandatory Requirements for Pre-qualification, M2

DELETE:

“The respondent must have met substantial completion on three (3) construction projects, each with a construction value of at least \$500,000 CAD* excluding taxes, in which the respondent took on the role of general contractor for the entire duration of the project.

Projects must have been completed within the last ten (10) years up to the ITQ closing date.

Projects submitted must have a minimum of three (3) of the following elements and a minimum of one (1) project that is executed internationally and is security-related that has involved heavy security infrastructure:

- Renovation of an existing building;
- Includes a multidisciplinary design team made up of professional subconsultants (e.g., engineers, interior designers, landscapers);
- A security-related project that included a security infrastructure; and
- An international project, outside the company's head office.

The value of the Respondent's project is calculated based on the average monthly exchange rate for the month in which the respondent carried out their project, as provided by the Universal Currency Converter (<https://www.ofx.com/en-ca/currencyconverter/>)”
