Amendment 003

This amendment is raised for the following:

1. To answer two questions; and
2. To remove items 35 and 36 from this solicitation.

PART 1

Question #1:

For Items 33 / 34
NSN: 01-3166323
LIGHT,MARKER,CLEARANCE
UNSPSC: 25172900
P/N requested: 46713-24
NSCM/CAGE requested: 81834

The dealer reported specifically about the item with part number 46713-24 that it has been discontinued. They can only offer the part number 46713. Please advise.

Answer #1:

Grote part number 46713 is a 12 Volt model. That is not compatible with our vehicle fleet, and therefore cannot be accepted.

Suppliers may propose alternate 24 Volt Amber Clearance Lights of similar dimensions (fit, form, function) as of the former 46713-24, for evaluation.

Question #2:

For Items 35/ 36
NSN: 01-3204582
BLOCK,TACKLE
UNSPSC: 24101613
P/N requested: SB12S10BH
NSCM/CAGE requested: 99557

The OEM, GUNNEBO JOHNSON-who was bought by Crosby is no longer manufacturing these blocks. Crosby can provide an alternative from their brand McKissick. To do so, they need the following for the current blocks that you have:

We will need the information on the DATA tag from the block. This tag includes Part number, serial number, and model number. **A clear in focus picture of the tag will be the best way to provide this information, the tag stamping needs to be legible (see below).** After we receive this, we will be able to provide the information needed.

UNREADABLE TAG INSTRUCTIONS

Generally, we recommend cleaning existing tag with non-abrasive cleaner to remove paint and grime. After cleaning use a black permanent marker such as a Sharpie to color over the tag. Wipe the excess marking off with a dry rag. The marker will bleed into the existing numbers for better visibility.

Please advise.

Answer #2:

Following a review of our requirement for items 35 and 36, they will be removed from the solicitation.
