1.1 THIS SOLICITATION AMENDMENT IS RAISED TO:

A. Provide clarification and answers to questions from potential suppliers.

1.2 THIS SOLICITATION IS HEREBY AMENDED AS FOLLOWS:

A. Questions and answers:

Question 1	Can you please confirm that the terms oversight and inspection are synonymous? (Section 1 identifies 'inspection priorities' while Section 2 identifies 'oversight priorities')?
Answer 1	They are not synonymous. Inspection is one specific oversight activity, oversight may include other type of activities, such as compliance program, enforcement, remote verification, awareness activities.
Question 2	Can you please confirm that an assessment of the adequacy of regulations and training requirements as a whole is outside the scope of the project. For clarity, we do not intend to exclude the impact of regulations and requirements (and potentially gaps therein) that may impact the risk level of a given item.
Answer 2	The adequacy of technical regulations is not part of the scope, but inspection requirements that are in regulations are part of the scope. Marine personnel training is not part of the scope.
Question 3	Can you advise whether the successful bidder will be provided with TCMSS's current risk analysis strategy and current risks identified for the purposes of inclusion in the contractor's report?
Answer 3	No. It will be the contractor's task to identify a risk analysis strategy, and to determine which risks should be considered.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
