Questions and Answers

Round 2

To all Proponents:
VIA HFR wishes to respond to the following questions:

Question1:

My team was looking through the requirements document and noticed that it is heavily looking at HR/Payroll over Finance, Reporting, Etc. Is HR/Payroll the main focus of the evaluation?

Answer1:

Both modules (HR and Finance) are the focus of the ERP RFP evaluation. That being said, the ability of the proposed ERP to fulfill future needs in other areas (e.g: procurement, asset management) is also important and is part of the overall evaluation.

Question2:

While we understand that VIA HFR does not want to change the submission due date of July 15th per Addendum#1, we insist that a 2 week extension is necessary in order to provide a minimum quality response that allows us to obtain required solution, risk and financial approvals prior to submission. Would you please reconsider this extension request of 2 weeks by end of day June 27th, so that we can make a final decision on whether we can bid or not by notice of intent to bid deadline of June 28th.

Answer2:

VIA HFR rejects the proposition to change the bid closing date. The bid closing date remains July 15, 2024 17:00 EDT
