Description of Work:

The Royal Canadian Mounted Police (RCMP) is Canada's National Police Service and has policing mandates across the country at community, provincial/territorial and federal levels. The RCMP is keeping Canadians safe through leading-edge policing and is ensuring employees are equipped with the right tools and resources. This includes developing new strategies to work effectively in the digital world and acquiring modern technologies and tools.

The objective of this contract is to augment the project team with skills required for the design and support of the modernization of the legacy Canadian Firearms Program (CFP), maintenance and support of the existing legacy CFP applications, the Canadian Firearms Digital Service Solution (CFDSS) and Firearms Compensation Program System Integration (FCPSI) projects in the cloud on a full-time basis for the duration of the contract. The Application Software Architects will assist the Technical Authority with the execution of projects within the Digital Solutions & Systems Delivery (DSSD) Directorate of the IM/IT Program.

Note: The services required as part of this request were previously provided under the large Application Development Professional Service contract M7594-181682 (please refer to [Canadabuys](#)). The current request is **not** a replacement for the aforementioned contract as it is being leverage by multiple sectors of the RCMP.

Bidders must submit a bid for all resource categories

Security Requirement: Customized RCMP SRCL 103078 applies

Minimum Resource Security Required: Enhanced Reliability

Accessible purchases

The RCMP's goal is to ensure that the goods and services that the Government of Canada purchases are inclusive by design and accessible by default. Considering accessibility in government procurement is now a requirement under the Treasury Board Contracting Policy and accessibility criteria must be included in the requirements for goods and services, where applicable.

The RCMP has adopted the Integrity Regime administered by Public Services and Procurement Canada. As a result, the integrity provisions are being applied in RCMP contracting activities as outlined in this solicitation.

Canada will make available Notices of Proposed Procurement (NPP), bid solicitations and related documents for download through the Government Electronic Tendering Service (GETS) at <https://canadabuys.canada.ca/en/tender-opportunities>. Canada is not responsible and will not assume any liabilities whatsoever for the information found on websites of third parties. In the event an NPP, bid solicitation or related documentation would be amended, Canada will not be sending notifications. Canada will post all amendments, including significant enquiries received and their replies, using GETS. It is the sole responsibility of the Bidder to regularly consult GETS for the most up-to-date information. Canada will not be liable for any oversight on the Bidder's part nor for notification services offered by a third party.

Indigenous Procurement:

The federal Indigenous Business Directory (IBD) is an online resource for all levels of government and the private sector to identify Indigenous business capacity. Having a business profile in the IBD will increase your company's visibility and may provide additional business. A profile in the IBD can also allow you to compete for federal government contracts that are set-aside for Indigenous businesses through the Procurement Strategy for Indigenous Businesses.
