Solicitation Amendment

Title Aviation Professional Services

Solicitation Amendment No. **001**

This solicitation is hereby amended to provide the following question and answer

Q1. In Annex A Statement of Work under the Location of Work it is mentioned that *“the Contractor will be required to attend meetings with Transport Canada officials **in person** and remotely (i.e., virtually).”*

However, there is no mention in the Statement of Work of any specific address, city, or province that the subsequent contract will be associated with. Where, specifically, will contractors be required to attend meetings? It is critical for bidders to understand where in Canada the proposed resource should be located to attend in person meetings.

A1. The Work will be completed at the location of the Contractor. The Contractor must provide the workspace and all equipment to complete the Work. For the duration of the contract, the Contractor will for the most part be required to use voice/video conferencing services, where possible. In instances where the Contractor may be requested to travel to meet with the Project Authority and other Transport Canada officials, the location would be within the province of Ontario, and more specifically Southern Ontario, the Greater Toronto and Hamilton Area (GTHA), Toronto (Ontario) and on rare occasions in Ottawa (Ontario).

All other terms and conditions of the solicitation document remain unchanged.

All enquiries concerning this amendment are to be forwarded to:

Name: Lisa Martin
