The Articles contained in this document are mandatory in their entirety, unless otherwise indicated. Acceptance of these Articles, in their entirety, as they appear in this document, is a Mandatory requirement of this RFP.

Suppliers submitting a proposal containing statements implying that their proposal is conditional on modification of these clauses or containing terms and conditions that purport to supersede these clauses or derogate from them will be considered non-responsive.

Bidders with concerns regarding the provisions of the Bid Solicitation document (including the Resulting Contract Clauses) should raise such concerns in accordance with the Enquiries provision of this RFP.

PART 1 - GENERAL INFORMATION

1.1 Introduction

The bid solicitation is divided into seven parts plus attachments and annexes, as follows:

- Part 1 General Information: provides a general description of the requirement;
- Part 2 Bidder Instructions: provides the instructions, clauses and conditions applicable to the bid solicitation;
- Part 3 Bid Preparation Instructions: provides Bidders with instructions on how to prepare their bid;
- **Part 4** Evaluation Procedures and Basis of Selection: indicates how the evaluation will be conducted, the evaluation criteria that must be addressed in the bid, and the basis of selection;
- **Part 5 Certifications and Additional Information**: includes the certifications and additional information to be provided;
- Part 6 Security and Other Requirements: includes specific requirements that must be addressed by Bidders; and
- Part 7 Resulting Contract Clauses: includes the clauses and conditions that will apply to any resulting contract.

The Annexes include the Statement of Work, the Basis of Payment and the Security Requirements Checklist.

The Appendixes include the Evaluation Criteria and the Financial Proposal Form.

1.2 Summary

1.2.1 By means of the RFP, Natural Resources Canada (NRCan) is seeking proposals to conduct a survey to gather detailed capacity, production, market and socioeconomic data of the bioeconomy in Canada including but not limited to wood-based bioenergy and bioheat, bioproducts, biomaterials, biochemicals, biofuels, and advanced low-carbon building materials.

The resulting contract will be from date of award to April 30, 2024.

- **1.2.2** There are security requirements associated with this requirement. For additional information, consult Part 6 Security, Financial and Other Requirements, and Part 7 Resulting Contract Clauses. For more information on personnel and organization security screening or security clauses, Bidders should refer to the <u>Contract Security Program</u> of Public Works and Government Services Canada (http://www.tpsgc-pwgsc.gc.ca/esc-src/introductioneng.html) website.
- **1.2.3** This bid solicitation allows bidders to use the epost Connect service provided by Canada Post Corporation to transmit their bid electronically. Bidders must refer to Part 2 entitled Bidder Instructions, and Part 3 entitled Bid Preparation Instructions, of the bid solicitation, for further information.

1.3 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing will be done in writing, by email.

PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the <u>Standard Acquisition Clauses and Conditions Manual</u> (https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The <u>2003</u> (2022-03-29) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation with the modifications to the text below. If there is a conflict between the provisions of 2003 and this document, this document prevails.

- In the complete text content (except Section 1 and 3) Delete: Public Works and Government Services Canada" and Insert: "Natural Resources Canada." Delete: "PWGSC" and Insert: "NRCan"
- Section 2: Delete: "Suppliers are required to" and Insert: "It is suggested that suppliers"
- Subsection 1 of Section 8: Delete entirely
- Subsection 2 of Section 8:

Delete: The only acceptable email address to use with CPC Connect for responses to bid solicitations issued by PWGSC headquarters is: tpsgc.pareceptiondessoumissions-apbidReceiving.pwgsc@tpsgc-pwgsc.gc.ca, or, if applicable, the email address identified in the bid solicitation. :

Insert: The only acceptable email address to use with CPC Connect for responses to bid solicitation issued by NRCan is: mailto:procurement-approvisionnement@NRCan-RNCan.gc.ca

- Subsection 2b of Section 8:
 - Delete: "six business days"
 - Insert: "five business days"
- Under Subsection 2 of Section 20: Delete in its entirety

2.2 Submission of Bids

Bids must be submitted only to the Natural Resources Canada (NRCan) Bid Receiving Unit specified below by the date and time indicated on page 1 of the bid solicitation.

Only bids submitted using epost Connect service will be accepted.

At least Five (5) days before the bid solicitation closing date, it is necessary for the Bidder to send an email requesting to open CPC Connect conversation to the following address:

mailto:procurement-approvisionnement@NRCan-RNCan.gc.ca

Note: Bids will not be accepted if e-mailed directly to this address. This e-mail address is to be used to open CPC Connect conversation, as detailed in the Standard Instructions 2003 (Subsection of Section 08), or to send bids through CPC Connect message if the bidder is using its own licensing agreement for CPC Connect.

IMPORTANT: It is requested that you write the bid solicitation number in "Subject" of the email:

NRCan - 5000071455 (C) Forest bioenergy and bioeconomy in Canada

NRCan will not assume responsibility for proposals directed to any other location.

The onus is on the Bidder to ensure that the bid is submitted correctly using epost Connect service. Not complying with the instructions may result in NRCan's inability to ascertain reception date and/or to consider the bid prior to contract award. Therefore, NRCan reserves the right to reject any proposal not complying with these instructions.

Due to the nature of the bid solicitation, bids transmitted by mail or facsimile to NRCan will not be accepted.

2.3 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than five (5) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.4 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

2.5 Improvement of Requirement During Solicitation Period

Should bidders consider that the specifications or Statement of Work contained in the bid solicitation could be improved technically or technologically, bidders are invited to make suggestions, in writing, to the Contracting Authority named in the bid solicitation. Bidders must clearly outline the suggested improvement as well as the reason for the suggestion. Suggestions that do not restrict the level of competition nor favour a particular bidder will be given consideration provided they are submitted to the Contracting Authority at least Five (5) days before the bid closing date. Canada will have the right to accept or reject any or all suggestions.

2.6 Basis for Canada's Ownership of Intellectual Property

Natural Resources Canada has determined that any intellectual property rights arising from the performance of the Work under the resulting contract will belong to Canada, on the following reasons: as set out in the <u>Policy on Title to Intellectual Property Arising Under Crown Procurement Contracts</u>

Where the main purpose of the Crown Procurement Contract, or the deliverables contracted for, is to generate knowledge and information for public dissemination.

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

Canada requests that Bidders provide their bid in separately bound sections as follows:

Section I: Technical Bid (1 electronic copy)

Section II: Financial Bid (1 electronic copy) in a separate file and document

Section III: Certifications (1 electronic copy)

Section IV: Additional Information (one (1) electronic copy)

Prices should appear in the financial bid only. No prices should be indicated in any other section of the bid.

Canada requests that Bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) format;
- (b) use a numbering system that corresponds to the bid solicitation.

Section I:Technical Bid

In their technical bid, Bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders should demonstrate their capability and describe their approach in a thorough, concise and clear manner for carrying out the work.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that Bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, Bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

Section II: Financial Bid

Bidders must submit their financial bid in accordance with the Financial Proposal Form in Appendix 2. The total amount of Applicable Taxes must be shown separately.

Section III: Certifications

Bidders must submit the certifications and additional information required under Part 5.

Section IV: Additional Information

In Section IV of their bid, bidders should provide:

- 1. the 1st page of this RFP signed with their legal name;
- 2. the name of the contact person (provide also this person's mailing address, phone numbers and email address) authorized by the Bidder to enter into communications with Canada with regards to their bid, and any contract that may result from their bid.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the Technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

4.1.1 Technical Evaluation

Mandatory and point rated technical evaluation criteria are included in Appendix 1 - Evaluation Criteria.

4.2 Basis of Selection

4.2.1 Highest Combined Rating of Technical Merit and Price

- 1. To be declared responsive, a bid must:
 - a) comply with all the requirements of the bid solicitation; and
 - b) meet all mandatory criteria; and
 - c) obtain the required minimum of 40 points overall for the technical evaluation criteria which are subject to point rating. The rating is performed on a scale of 67 points.
- 2. Bids not meeting (a) or (b) or (c) will be declared non-responsive.
- 3. The selection will be based on the highest responsive combined rating of technical merit and price. The ratio will be 70% for the technical merit and 30% for the price.
- 4. To establish the technical merit score, the overall technical score for each responsive bid will be determined as follows: total number of points obtained / maximum number of points available multiplied by the ratio of 70%.
- 5. To establish the pricing score, each responsive bid will be prorated against the lowest evaluated price and the ratio of 30%.
- 6. For each responsive bid, the technical merit score and the pricing score will be added to determine its combined rating.
- 7. Neither the responsive bid obtaining the highest technical score nor the one with the lowest evaluated price will necessarily be accepted. The responsive bid with the highest combined rating of technical merit and price will be recommended for award of a contract.

The table below illustrates an example where all three bids are responsive and the selection of the contractor is determined by a 70/30 ratio of technical merit and price, respectively. The total available points equal 135 and the lowest evaluated price is \$45,000 (45).

Basis of Selection - Highest Combined Rating Technical Merit (70%) and Price (30%)					
		Bidder 1 Bidder 2		Bidder 3	
Overall Technical Score		115/135	89/135	92/135	
Bid Evaluated	d Price	\$55,000.00	\$50,000.00	0.00 \$45,000.00	
Technical Calculations Merit Score		115/135 x 70 = 59.63	89/135 x 70 = 46.15	92/135 x 70 = 47.70	
	Pricing Score	45/55 x 30 = 24.55	45/50 x 30 = 27	45/45 x 30 = 30	
Combined Rating		84.18	73.15	77.70	
Overall Rating		1st	3rd	2nd	

PART 5 - CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue, whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority will render the bid non-responsive or constitute a default under the Contract.

5.1 Certifications Required with the Bid

Bidders must submit the following duly completed certifications as part of their bid.

5.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the Integrity <u>Provisions of the Standard Instructions</u> (https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual/1/2003/25#integrity-provisions), all bidders must provide with their bid, **if applicable**, the Integrity declaration form available on the Forms for the Integrity Regime website (http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html), to be given further consideration in the procurement process.

5.2 Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame specified will render the bid non-responsive.

5.2.1 Integrity Provisions – Required Documentation

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real property agreement of the Ineligibility and Suspension Policy (http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process.

- Bidders who are incorporated, including those bidding as a joint venture, must provide a complete list of
 names of all individuals who are currently directors of the Bidder or, in the case of a private company, the
 owners of the company.
- Bidders bidding as sole proprietorship, as well as those bidding as a joint venture, must provide the name of the owner(s).

Bidders bidding as partnerships do not need to provide lists of names.

5.2.2 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list available at the bottom of the page of the Employment and Social Development Canada (ESDC) - Labour's website. (https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#).

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list at the time of contract award.

5.2.3 Status and Availability of Resources

The Bidder certifies that, should it be awarded a contract as a result of the bid solicitation, every individual proposed in its bid will be available to perform the Work as required by Canada's representatives and at the time specified in the bid solicitation or agreed to with Canada's representatives. If for reasons beyond its control, the Bidder is unable to provide the services of an individual named in its bid, the Bidder may propose a substitute with similar

qualifications and experience. The Bidder must advise the Contracting Authority of the reason for the substitution and provide the name, qualifications and experience of the proposed replacement. For the purposes of this clause, only the following reasons will be considered as beyond the control of the Bidder: death, sickness, maternity and parental leave, retirement, resignation, dismissal for cause or termination of an agreement for default.

If the Bidder has proposed any individual who is not an employee of the Bidder, the Bidder certifies that it has the permission from that individual to propose his/her services in relation to the Work to be performed and to submit his/her résumé to Canada. The Bidder must, upon request from the Contracting Authority, provide a written confirmation, signed by the individual, of the permission given to the Bidder and of his/her availability. Failure to comply with the request may result in the bid being declared non-responsive.

5.2.4 Education and Experience

The Bidder certifies that all the information provided in the résumés and supporting material submitted with its bid, particularly the information pertaining to education, achievements, experience and work history, has been verified by the Bidder to be true and accurate. Furthermore, the Bidder warrants that every individual proposed by the Bidder for the requirement is capable of performing the Work described in the resulting contract.

5.2.5 Former Public Servant

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPSs, bidders must provide the information required below before contract award. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the bid non-responsive.

Definitions

For the purposes of this clause, "former public servant" is any former member of a department as defined in the <u>Financial Administration Act</u>, R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- a. an individual;
- b. an individual who has incorporated;
- c. a partnership made of former public servants; or
- d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the *Public Service Superannuation Act* (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the *Supplementary Retirement Benefits Act*, R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the *Canadian Forces Superannuation Act*, R.S., 1985, c. C-17, the *Defence Services Pension Continuation Act*, 1970, c. D-3, the *Royal Canadian Mounted Police Pension Continuation Act*, 1970, c. R-10, and the *Royal Canadian Mounted Police Superannuation Act*, R.S., 1985, c. R-11, the *Members of Parliament Retiring Allowances Act*, R.S. 1985, c. M-5, and that portion of pension payable to the *Canada Pension Plan Act*, R.S., 1985, c. C-8.

Former Public Servant in Receipt of a Pension

As per the above definitions, is the Bidder a FPS in receipt of a pension? Yes () No ()
If so, the Bidder must provide the following information, for all FPSs in receipt of a pension, as applicable:
a. name of former public servant;

b. date of termination of employment or retirement from the Public Service. _____

By providing this information, Bidders agree that the successful Bidder's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with Contracting Policy Notice: 2019-01 and the Guidelines on the Proactive Disclosure of Contracts.

Work Force Adjustment Directive

Is the Bidder a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive? **Yes** () **No** ()

If so, the Bidder must provide the following information:

and number of weeks

a.	name of former public servant;
b.	conditions of the lump sum payment incentive;
c.	date of termination of employment;
d.	amount of lump sum payment;

7.4 Dispute Resolution

Mediation

If a dispute arising from this contract cannot be settled amicably through negotiation, then the parties agree in good faith to submit the dispute to mediation as administered by the Arbitration and Mediation Institute of Canada Inc. (AMIC). The parties acknowledge receipt of the rules of AMIC. The cost of mediation shall be borne equally by the parties.

Arbitration

If the parties cannot resolve the dispute through mediation within sixty (60) days, the parties agree to submit the dispute to arbitration pursuant to the Commercial Arbitration Act (Canada). The party requesting such arbitration shall do so by written notice to the other party/parties. The cost of the arbitration and fees of the arbitrator shall be borne equally by the parties. The arbitration shall take place in the city where the contractor carries on business before a single arbitrator to be chosen jointly by the parties. If the parties cannot agree on the choice of arbitrator within thirty (30) days of written notice to submit the dispute to arbitration, each party will choose a representative who will select the arbitrator.

The parties may determine the procedure to be followed by the arbitrator in conducting the proceedings, or may ask the arbitrator to do so. The arbitrator shall issue a written award within thirty (30) days of hearing the parties. The award may be entered in any court having jurisdiction and enforced as a judgment of that court.

Meaning of "Dispute"

The parties agree that the word "dispute" in this clause refers to a dispute of fact or of law, other than a dispute of public law.

The parties understand that the Procurement Ombudsman appointed pursuant to Subsection 22.1(1) of the Department of Public Works and Government Services Act will, on request or consent of the parties to participate in an alternative dispute resolution process to resolve any dispute between the parties respecting the interpretation or application of a term and condition of this contract and their consent to bear the cost of such process, provide to the parties a proposal for an alternative dispute resolution process to resolve their dispute. The Office of the Procurement Ombudsman may be contacted by telephone at 1-866-734-5169 or by e-mail at boa.opo@boa-opo.gc.ca.

ANNEX A - STATEMENT OF WORK

SW1.0 TITLE

The state of forest bioenergy and bioeconomy in Canada

SW2.0 BACKGROUND

In September 2017, the Canadian Council of Forest Ministers (CCFM) unanimously endorsed <u>A Forest Bioeconomy Framework for Canada</u>. In the report outlining the framework, the CCFM noted the importance of forests for the Canadian economy and their role in the development of the bioeconomy. The bioeconomy represents an opportunity for Canada's forest sector to diversify and contribute to climate change mitigation; however, progress in the bioeconomy is hindered by a lack of data to support government activities and promote investments.

In order to better understand the Canadian bioeconomy, and to inform the development of federal policies and programs, Natural Resources Canada (NRCan-CFS) requires an up to date inventory of bioenergy and bioproduct facilities in Canada. In addition to quantitative data, the survey will also investigate the challenges and enablers of Canada's bioeconomy directly from its participants. The survey will investigate the impacts of these challenges on the growth of Canada's bioeconomy. Both the qualitative and quantitative data collected will allow us to understand the trends in the Canadian bioeconomy and provide an economic assessment of its impact on the Canadian economy.

SW.3.0 OBJECTIVES

The objective of this project is to conduct a survey to gather detailed capacity, production, market and socioeconomic data of the bioeconomy in Canada including but not limited to wood-based bioenergy and bioheat, bioproducts, biomaterials, biochemicals, biofuels, and advanced low-carbon building materials.

Since 2011, NRCan-CFS has collected data on some aspects of the Canadian bioeconomy. One objective of this contract is to provide an annual update for the NRCan-CFS bioenergy and bioheat database, including surveying of

- Wood pellet producers
- Power producers and cogeneration at facilities using biomass (e.g. industrial, pulp and paper, sawmills, independent power producers, utilities),
- Community wood-based heating or bioheat (district heating, multi-building systems, single building systems such as hospitals or institutions using wood-based heating systems)

In addition, NRCan-CFS will expand the above survey to include all aspects of the forest-based bioeconomy in Canada including but not limited to

- Advanced wood pellets (torrefied pellets, biochar, black pellets)
- Wood-based liquid biofuels (e.g., ethanol, methanol, renewable diesel, sustainable aviation fuel);
- Biomaterials (e.g. lignin, cellulose, bioplastics, biochar)
- Biochemicals (e.g. sugars, monomer building blocks, xylitol)
- Advanced low-carbon building materials (e.g. cross-laminated timber, glulam, biobased foams)

Thirdly, in order to better understand the future of the forest-based bioeconomy in Canada, NRCan-CFS requires a list of proposed or announced projects in any of the above categories.

RFP # NRCan-5000071455 (C)

SW.4.3 Reporting

The contractor will meet, or hold a conference call, with CFS biweekly to provide an update on the status of the project. The updates will include a brief progress report, drafts of any materials developed, and a consultation with NRCan-CFS on project activities and state of the database and analysis report.

SW.4.4 Method and Source of Acceptance

An acceptable final deliverable will include a database of bioeconomy facilities or producers, the process/ methodology used and applicable for future for annual updates, as well as a final narrative report of findings, including the methodology used and the steps taken to collect the data and arrive at the final conclusions. All deliverables and services rendered under any contract are subject to inspection by the Project Authority. Note that NRCan-CFS recognizes that most surveys do not have 100% response rates and that there are questions that facilities will choose not to answer. Survey completeness will be discussed at biweekly check-in meetings. The Project Authority shall have the right to reject any deliverables that are not considered satisfactory, or require their correction before payment will be authorized.

SW.5.0 OTHER TERMS AND CONDITIONS OF THE SOW

SW.5.1 Contractor's obligations

In addition to the obligations outlined in Section 4 of this Statement of Work, the Contractor shall:

- Return all materials belonging to NRCan-CFS upon completion of the Contract;
- 2. Submit all written reports in electronic Microsoft Word;
- 3. Submit databases in Microsoft Excel format;
- 4. Attend meeting with stakeholders, if necessary;
- 5. Participate in biweekly meetings;
- 6. All work must be performed within the Citrix Telework environment and then saved in GCDocs or other NRCan approved repository (i.e. none of the documentation/files may be downloaded to contractor's local
- 7. Ensure that no documents deemed Protected (or higher) are stored or maintained on the contractor's premises outside of the NRCan digital repository/telework environment.
- 8. Throughout the project timeline and up to three months after the final database is submitted, the contractor must be available to NRCan-CFS to answer questions, provide clarifications etc.

SW.5.2 NRCan-CFS obligations

NRCan-CFS will facilitate the completion of the project by managing meetings and report development as well as access to documentation, networks, etc. including the following:

- 1. Government publications, reports, studies, etc., as required;
- 2. Access to a staff member who will be available to coordinate activities; and
- 3. Provide comments on draft reports within five (5 working days) and/or,

- 4. Offer other reasonable assistance or support, as appropriate.
- 5. Provide Citrix token for telework so that work can be completed and stored on the NRCan network.
- 6. Ensure that no document deemed Protected (or higher) be shared with the contractor (hard copy) outside the NRCan network.

SW.5.3 Estimated Period of the Contract

The estimated period of the contract is from the date of Contract Award to April 30, 2024. Throughout the project timeline and up to three months after the final database is submitted, the contractor must be available to NRCan-CFS to answer questions, provide clarifications etc. The final presentation date will be determined by NRCan-CFS and the contractor.

SW.5.4 Location of Work, Work Site and Delivery Point

The majority of the work will be conducted by contractor on their premises. The contractor must provide their own workspace and necessary equipment (e.g. computer, telephone, computer programs). All work must be performed within the Citrix Telework environment and then saved in GCDocs or other NRCan approved repository (i.e. none of the documentation/files may be downloaded to contractor's local PC. When connecting a device to the NRCan network, the contractor must utilize a trusted (non-public) WiFi access point.

APPENDIX 1 - EVALUATION CRITERIA

Bidders are advised to address these criteria in the following order and in sufficient depth in their proposals to enable a thorough assessment. NRCan's assessment will be based solely on the information contained within the proposal. NRCan may confirm information or seek clarification from bidders.

Bidders are advised that only listing experience without providing any supporting data to describe responsibilities, duties and relevance to the criteria will not be considered demonstrated for the purpose of this evaluation.

The Bidder should provide complete details as to where, when (month and year) and how (through which activities/ responsibilities) the stated qualifications/experience were obtained. Experience gained during formal education shall not be considered work experience. All criteria for work experience shall be obtained in a legitimate work environment as opposed to an educational setting. Co-op terms are considered work experience provided they are related to the required services.

Bidders are also advised that the month(s) of experience listed for a project whose time frame overlaps that of another referenced project will only be counted once. For example: project one time frame is July 2001 to December 2001; project two time frame is October 2001 to January 2002; the total months of experience for these two project references is seven (7) months.

R3	Evaluation of project summaries presented in M3	Each summary will be evaluated against the below quality criteria. Up to a maximum of 3 summaries.	15	
	Each project summary will be evaluated against the following evaluation factors:	Quality Criteria	15	
	 Demonstrate through providing previous relevant work experience an understanding of NRCan's desired outcomes for developing a bioeconomy survey, managing it, collecting data, analysing it and reporting results as defined within the Statement of Work; Similarity of cited projects to NRCan's requirement as outlined in the SOW; 	Excellent: 5 points per provided summary The summary provided meets all the requirements and the evaluation factors required to successfully meet or exceed our requirement. Summary is clear, detailed with extensive level of detail. The summary demonstrates experience in designing and conducting both qualitative and quantitative surveys; bidder demonstrates experience in analyzing and summarizing both qualitative and quantitative data; and bidder demonstrates knowledge of both the traditional and advanced bioeconomy.		
	Evidence that full survey projects were delivered on time and on budget.	Good: 3 points per provided summary The summary provided demonstrates some of the requirements and the evaluation factors required to meet our requirement but the summary is lacking pertinent details. The summary demonstrates experience in only survey design or only conducting surveys; only experience with quantitative data or only qualitative data and bidder demonstrates knowledge of only some parts of the traditional and advanced bioeconomy.		

		Poor: 1 point per provided summary The summary demonstrates minimal experience in any of the following designing and conducting qualitative and/or quantitative surveys; experience in analyzing and summarizing qualitative and/or quantitative data; and knowledge of traditional and/or advanced bioeconomy.
