1) Answer question(s) from Industry:

Question 1: We received the TDP for this solicitation, thanks.

Upon review I noticed that item 21, NSN 5340-20-005-1696 has missing drawings, we received only the top assembly drawing.
May we have the missing drawings?

Response 1: It has been confirmed that there are eight (8) drawings, four (4) Parts Lists (PL) and two (2) Data Lists (DL) not included in the TDP. The DDL/TDP will be updated and sent to the TA for review. Once the review is complete and the updated DDL/TDP is approved, the DDL and updated drawings will be redistributed to all existing bidders by DSCO 4.

Question 2: Question regarding item 40, NSN 5340-01-666-2486, Glenair 660-104-ZR-T-06.

May we have an answer to the below?

The manufacturer came back stating the P/N provided is incomplete. Lanyard length code is missing (see drawing below, last digit is not defined in the provided P/N)
