3. Former Public Servants

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPSs, bidders must provide the information required below before contract award. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within

which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the bid non-responsive.

Definitions

For the purposes of this clause, "former public servant" is any former member of a department as defined in the [Financial Administration Act](#), R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- a. an individual;
- b. an individual who has incorporated;
- c. a partnership made of former public servants; or
- d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the [Public Service Superannuation Act](#) (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the [Supplementary Retirement Benefits Act](#), R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the [Canadian Forces Superannuation Act](#), R.S., 1985, c. C-17, the [Defence Services Pension Continuation Act](#), 1970, c. D-3, the [Royal Canadian Mounted Police Pension Continuation Act](#), 1970, c. R-10, and the [Royal Canadian Mounted Police Superannuation Act](#), R.S., 1985, c. R-11, the [Members of Parliament Retiring Allowances Act](#), R.S. 1985, c. M-5, and that portion of pension payable to the [Canada Pension Plan Act](#), R.S., 1985, c. C-8.

If so, the Bidder must provide the following information, for all FPSs in receipt of a pension, as applicable:

- a. name of former public servant;
- b. date of termination of employment or retirement from the Public Service.

By providing this information, Bidders agree that the successful Bidder's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with [Contracting Policy Notice: 2019-01](#) and the [Guidelines on the Proactive Disclosure of Contracts](#).

Work Force Adjustment Directive

Is the Bidder a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive? **Yes () No ()**

- g. number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

4. Enquiries – Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than ten (10) business days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

5. Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in British Columbia.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

PART 3 - BID PREPARATION INSTRUCTIONS

1. Bid Preparation Instructions

CSC requests that bidders provide their bid in separate sections as follows:

Bidders should submit their technical bid and financial bid in two (2) separate documents.

In April 2006, Canada issued a policy directing federal departments and agencies to take the necessary steps to incorporate environmental considerations into the procurement process, the Policy on Green Procurement. To assist Canada in reaching its objectives, bidders should:

In their technical bid, Bidders should explain and demonstrate how they propose to meet the requirements and how they will carry out the work.

3. Section II: Financial Bid

4. Section III: Certifications

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

1. Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of CSC will evaluate the bids.

1.1 Technical Evaluation

1.1.1 Mandatory Technical Criteria

Proposals will be evaluated to determine if they meet all mandatory requirements outlined in **Annex D – Evaluation Criteria**. Proposals not meeting all mandatory criteria will be declared non-responsive and will be given no further consideration.

1.1.2 Point Rated Technical Criteria

Proposals will be evaluated to determine their score with regards to the point rated criteria outlined in **Annex D – Evaluation Criteria**.

1.2 Financial Evaluation

SACC Manual Clause A0220T (2014-06-26), Evaluation of Price - Bid

Proposals containing a financial bid other than the one requested at **Article 3. Section II: Financial Bid** of **PART 3 – BID PREPARATION INSTRUCTIONS** will be declared non-compliant.

Note to Bidders: Table Totals will be calculated using the formula(s) in the relevant table in **Annex B – Proposed Basis of Payment**.

2. Basis of Selection

1. To be declared responsive, a bid must:
 - a. comply with all the requirements of the bid solicitation;
 - b. meet all mandatory technical evaluation criteria; and
 - c. obtain the required minimum of 24 points overall for the technical evaluation criteria which are subject to point rating. The rating is performed on a scale of 36 points.
2. Bids not meeting (a) or (b) or (c) will be declared non-responsive. Neither the responsive bid that receives the highest number of points nor the one that proposed the lowest price will necessarily be accepted. The responsive bid with the lowest evaluated price per point will be recommended for award of a contract.

PART 5 - CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive or will declare a contractor in default if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidders' certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority may render the bid non-responsive or constitute a default under the Contract.

1. Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid, but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame provided will render the bid non-responsive.

Bidders are reminded to obtain the required security clearance and, as applicable, security capabilities promptly. As indicated above, Bidders who do not provide all of the required information at bid closing will be given the opportunity to complete any missing information from the AFR form within a period set by the Contracting Authority. If that information is not provided within the timeframe established by the Contracting Authority (including any extension granted by the Contracting Authority in its discretion), or if Canada requires further information from the Bidder in connection with assessing the requests for security clearance (i.e., information not required by the AFR form), the Bidder will be required to submit that information within the time period established by the Contracting Authority, which will not be less than 48 hours. If, at any time, the Bidder fails to provide the required information within the timeframe established by the Contracting Authority, its bid will be declared noncompliant.

ANNEX A STATEMENT OF WORK

Volunteer Coordinator Program Vancouver Island Community Corrections Area

OBJECTIVE

Provide a volunteer service that will address recruitment, orientation, training, monitoring and implementation of volunteer activities to meet offender need areas.

BACKGROUND

The Correctional Service of Canada, as part of the criminal justice system and respecting the rule of law, contributes to public safety by actively encouraging and assisting offenders to become law-abiding citizens while exercising reasonable, safe, secure and humane control.

To achieve this objective, the Federal Task Force on Community and Institutional Programs, in its final report, recognized that:

the community has a responsibility to assist in the reintegration of offenders, and the Correctional Service of Canada will actively seek the support and participation of the community during the sentence and encourage the provision of ongoing support to offenders after the sentence has expired.

Effective coordination of volunteer services for Vancouver Island Community Corrections Area will demonstrate that this goal can be best achieved through using volunteers. Citizens from communities in the Greater Victoria and Nanaimo areas on Vancouver Island will be recruited and trained to provide a wide range of services. Through their activities, volunteers will perform a vital role in educating members of the public about Correctional Service of Canada initiatives.

SCOPE

Consistent with the Mission of the Correctional Service of Canada, this contract provides for the coordination of the Vancouver Island Community Corrections Volunteer Program with a concentration on the Community Adult Mentoring and Support (CAMS) Project and on providing additional support to offenders with mental health problems. The Community Volunteer Coordinator works to develop and maintain a schedule of offender activities originating from both the Correctional Service of Canada and the contracted agencies within the area. The Community Volunteer Coordinator will actively liaise with various agencies and organizations to establish and maintain projects, which focus on strengthening community resources for conditionally released offenders.

Approximately half of the time, the contractor must focus on offenders with mental health problems (including major mental disorders; developmental disabilities, Fetal Alcohol Spectrum Disorder and brain injury with moderate to severe functioning impairment; and personality disorders with significant functioning impairment). For the remainder of the time, the contractor must focus on non-mentally disordered offenders on Vancouver Island. Annex D - Evaluation Criteria

1.0 Technical Evaluation:

1.1 The following elements of the proposal will be evaluated and scored in accordance with the following evaluation criteria.

- Mandatory Technical Criteria
- Rated Technical Criteria

It is **imperative** that the proposal **address each of these criteria** to demonstrate that the requirements are met.

1.2 LISTING EXPERIENCE WITHOUT PROVIDING ANY SUBSTANTIATING DATA TO SUPPORT WHERE, WHEN AND HOW SUCH EXPERIENCE WAS OBTAINED WILL RESULT IN THE STATED EXPERIENCE NOT BEING CONSIDERED FOR EVALUATION PURPOSES.

1.3 All experience must be strictly work-related. Time spent during education and/or training will not be considered, unless otherwise indicated.

1.4 Experience must be demonstrated through a history of past projects, either completed or on-going.

1.5 References must be provided for each project/employment experience.

I. Where the stated experience was acquired within a Canadian Federal Government Department or Agency **as a Public Servant**, the reference must be a Public Servant who had a supervisory role over the proposed resource during the stated employment.

1.6 Response Format

I. In order to facilitate evaluation of proposals, it is recommended that bidders' proposals address the mandatory criteria in the order in which they appear in the Evaluation Criteria and using the numbering outlined.

II. Bidders are also advised that the month(s) of experience listed for a project or experience whose timeframe overlaps that of another referenced project or experience will only be counted once. For example: Project 1 timeframe is July 2001 to December 2001; Project 2 timeframe is October 2001 to January 2002; the total months of experience for these two project references is seven (7) months.

III. For any requirements that specify a particular time period (e.g., 2 years) of work experience, CSC will disregard any information about experience if the technical bid does not include the required month and year for the start date and end date of the experience claimed.

IV. CSC will also only evaluate the duration that the resource actually worked on a project or projects (from the start date to end date), instead of the overall start and end date of a project or a combination of projects in which a resource has participated.
