The **2003 (2023-06-08)** Standard Instructions – Goods or Services – Competitive Requirements, are incorporated by reference into and form part of the bid solicitation with the following modifications:

- a) Section 2, Procurement Business Number, is deleted in its entirety.

- f) Section 8, Transmission by facsimile or by epost Connect, is deleted in its entirety.

g) Subsection 20.2, Further Information, is deleted in its entirety.

2.1.1 Equivalent Products

1. Products that are equivalent in form, fit, function, quality and performance to the item(s) specified in the bid solicitation will be considered where the Bidder:
 - a) designates the brand name, model and/or part number and NSCM/CAGE of the substitute product.
 - b) provide at least one of the following technical data:
 - i) The manufacturer's engineering drawing (minimum level 2), or
 - ii) Industrial specification data / information sheets from the true (Design Control) manufacturer, or
 - iii) Manufacturer's catalogue of components.
2. Products offered as equivalent in form, fit, function, quality and performance will not be considered if:
 - a) the bid fails to provide all the information requested to allow the Contracting Authority to fully evaluate the equivalency of each substitute product; or
 - b) the substitute product fails to meet or exceed the mandatory performance criteria specified in the bid solicitation for that item.
 - c) the technical documentation fails to have been acquired from the design control authority (note that the technical documentation from a supplier or subsidiary manufacturer is not acceptable).
3. In conducting its evaluation of the bids, Canada may, but will have no obligation to, request Bidders offering a substitute product to provide technical information demonstrating the equivalency (e.g. Drawing, specifications, engineering reports and/or test reports), or to demonstrate that the substitute product is equivalent to the item specified in the bid solicitation, at the sole cost of Bidders, within **3 calendar days** of the request. If the bidder fails to provide the requested information within the specified delay, Canada may declare the bid non-responsive.

2.1.2 Equivalent Products and Replacement Part Number from OEM – Samples

1. If the Bidder offers an equivalent product or a replacement part number from the OEM, Canada reserves the right to request a sample from the Bidder in order to determine its equivalency in form, fit, function, quality and performance to the item specified in the bid solicitation.
2. The Bidder must, upon request from the Contracting Authority, provide a sample to the Technical Authority, transportation charges prepaid, and without charge to Canada, within **5 calendar days** from the date of request. The sample submitted by the Bidder will remain the property of Canada and will not be considered as part of the deliverables in any resulting contract. If the sample does not meet the requirement of the bid solicitation or the Bidder fails to comply with the request of the Contracting Authority, the bid will be declared non-responsive.

2.2 Electronic Submission of Bids

- a) Bids must be submitted only to the Bid Receiving Mailbox by electronic mail by the date and time indicated on page 1 of the Bid Solicitation. Bids must be received electronically as noted in subparagraph b).

Larger bids may be submitted through more than one e-mail. The Contracting Authority will confirm receipt of documents. It is the Bidder's responsibility to ensure that the Contracting Authority has received the entire submission. Bidders should not assume that all documents have been received unless the Contracting Authority confirms receipt of each document. In order to minimize the potential for technical issues, Bidders are requested to allow sufficient time before the closing time and date to confirm receipt. Technical and financial documents received after the closing time and date will not be accepted.

2.3 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than **7 calendar days** before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.4 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in **Ontario**.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice.
